

**January 2025**

Hello Lake Chaparralians!

Skating season is in full swing and you know what that means? *Your skates might need to be sharpened.*

Well good news, our skate sharpening machine is up and running! For only **8 dollars** per sharpen, it's a deal you can't beat.

Each sharpening takes approximately **15 minutes**. Feel free to walk around the park or make a quick run to Timmies for a double double.

We sharpen both **hockey** and **figure skates!** And for those of you who haven't skated in a while and have **rusty skates**, don't worry we sharpen those ones too. In order to get the rust off, we have to use an additional grinding ring. It only takes an **extra 5 minutes**.

### Condition of the Ice

Just a friendly reminder that the top pad and the lake are open for public use. The ice is now thick enough for us to use the **Olympia/Zamboni** on it. No more bumps on the ice!
